

The staggering amount is certainly beyond this missionary couple's means. As friends of Geoff and Tina, we are raising funds for their young family's journey towards health and healing. Hence, we would like to appeal on behalf of Geoff and Tina for your prayers and financial assistance.

Considering the urgent need for the transplant, we are trusting God to move individuals or groups to give any amount that God lays on their hearts to give. The targeted schedule for Ethan's liver transplantation in Singapore is fast approaching. Payment needs to be made a week before the procedure.

We are praying for a miracle in Ethan's life. Will you join us in praying for God to heal and sustain Ethan? Will you prayerfully consider giving towards Ethan's medical expense?

The amount may seem overwhelming at first, but if we break it down and if we pray and work together, it will be more manageable. Any amount given will certainly be a big help and is greatly appreciated by the family.
